Let's have a quick chat about this if we can tomorrow, obviously the most important thing is that it meets your schedule, I would actually prefer a little more time in the schedule so we can move stuff back a month as appropriate however I was looking at the proposed plan release as a relatively hard date needing to get everything else done--I dropped the Hudson River thing only because it seemed like the fall was pretty crammed, would still like to do it

I am pretty flexible to chat tomorrow

Doug

See my comments in the attached file - let me know if we should discuss.

My one other concern is that some of the milestones you have listed are not due to be done until the end of the previous month, so that we may not have time to put together a coherent presentation on results to the CAG by the scheduled meeting date. For Nov and Jan, in particular, the CAG meeting may need to be moved to the 3rd Thurs of the month.

Hi guys,

please see my proposed CAG scheduled based on Alice's draft outline, let me know if this is ok to share with CAG leadership and at the next meeting.

Liz, I did not put any phase 1 removal actions or dates in here. I am not sure if there will be anything beyond updates and I was not sure how the schedule is looking either, but if you could put schedule highlights in and also if there are any points for specific CAG input, please add them in

thanks
